## DESCRIPTIONS

### **DISCOVER SCUBA DIVING (For non-certified)**

Basic introduction on how to use the equipment, safety, and hand signals. The training will be conducted on shallow wrecks and coral reef.

### **FUN DIVES**

The general schedule is two wreck dives, with the last dive being a reef, shallow wrecks, or the thermal lake.

### **REFRESHER COURSE**

For those who have their certification already and haven't dive for quite long time (6 months and up.)

### **DUGONG WATCHING | 1 day - 2 dives**

Dive with the gentle giants. This trip leaves very early in the morning travelling for almost 2hrs going to north side of the Busuanga, where the dugong sites is located. The second dive is a coral reef near on the dugong site. This is special trip which required 6 minimum divers.

### **OPEN WATER COURSE | 2-3 days - 4 Dives**

The course starts by reading the e-learning/book with 5 chapters and by answering all the knowledge reviews. The underwater training will be conducted to shallow wrecks, big wrecks with maximum a of 18 to 20 meters, and coral reefs. The course can be done for 2 to 3 days with total of 4 dives. This package includes online manual & certification.

### **ADVANCED OPEN WATER COURSE | 2 days - 5 dives**

The Advanced Course is five adventure dives over two days. The Thinking Like A Diver, Underwater Navigation and the Deep Adventure Dive is required. The other three depends on your interests (Wreck, Fish Id and Peak Performance Buoyancy). These Adventure Dives will be conducted on wrecks and coral reef with total of 5 dives. You have to read a chapter in the manual for each Adventure Dive and do the knowledge review questions as the end. This package includes online manual & certification

### **ENRICHED AIR COURSE | 1 day - 2 dives**

Nitrox can reduce the amount on nitrogen in your tank thus slowing your nitrogen on-gassing. That results in longer dives or shortened surface intervals. That means more time exploring the WWII wrecks we have here in Coron. The nitrox coursetakes about a day and includes two dives with nitrox. This package includes online manual & certification.

### **RESCUE COURSE | 2-3 days - 4 dives**

You will learn how to respond on a bad situation underwater when one of your buddies encounter a problem, panicked underwater and at the surface and when in danger. This package includes online manual & certification.

### **DIVE MASTER COURSE | 21-30 days - 4 dives**

Become a dive pro and learn to guide underwater. You will gain proficiency of basic teaching, skills and learn the flow of everyday activities of the diveshop. This package includes online manual & certification.

### **DISCOVER SCUBA TO OPEN WATER COURSE | 2-3 days - 4 dives**

If you want to continue to become a licensed diver. This is only for those who take the DSD with our diveshop and decided to continue it to become OWD. These includes online manual, free DAN Insurance for 2nd day.
